Southside Collectors To Meet March 15

The regular monthly meeting of the Southside Virginia Collectors Club will be held in the Elementary School Cafetorium, at Charlotte Court House, at 7:30 P. M. Thursday, March 15. Regular attenders are reminded of this change in meeting place from the Women's Club House.

This Collectors Club was organized eighteen months ago by representatives from several Southside counties to further interest in, and mutual appreciation of, Americana, curios, stamps and coins. Since that time it has grown to an aggregate of one hundred members, representing eleven Southside counties.

In addition, residents of other communities and states are on the roll.

Though the original purpose was stated above, and several interesting programs on diversified subjects presented, the primary interest of the present membership tends toward Numismatics.

Visitors are welcome and, after a short business session, invited to participate in an auction and drawing for door prizes.

Agee Accepts GE Position

It is understood that Earl Agee, who has been an assistant cashier of the local Farmer's National Bank for approximately 3 years, has accepted a position with General Electric Company in Lynchburg, and will assume his new duties Monday. Mr. Agee is the son of Mr. and Mrs. Clarence Agee, of Appomattox, a graduate of V. P. I., and is married to the former Miss Winifred Lee.

Although his many friends regret to hear that Mr. Agee is leaving employment here, they will be glad to note that Mr. and Mrs. Agee will continue to reside in Appomattox.

Closing Date Set For Feed Grain Program Sign-up

C. D. Lewis, Chairman of the Appomattox ASC County Committee, reminded corn growers today that March 30 is the closing date for signing up in the 1962 Feed Grain Program.

Mr. Lewis explained that the Feed Grain Program is designed to prevent costly build up of feed grains and to reduce these stocks if possible, to save tax dollars for every citizen through further reductions in Government costs of storing Government owned grains and to improve farm income.

To participate in the program corn growers agree to divert corn acreage to conserving uses. For this diversion they receive attractive payments for the reduction in corn acreage and devoting the land to conserving uses.

Chairman Lewis expressed the desire that all corn farmers who have not already signed up visit the ASC office and get the full facts on the program before the shut-off date - March 30.

College Qualification Test To Be Given on April 17

Applications for the Selective Service College Qualification Test to be given on April 17 are now available to college students at the Selective Service local boards, the State Director of Selective Service for Virginia announced today.

The test will be given at more than 500 colleges in all 50 states, Puerto Rico and the Canal Zone.

Scores made on the test will help local boards with evidence of aptitude for continued undergraduate and graduate study. The scores will not of themselves determine eligibility for deferment, but are considered with other information by the boards in determining whether to defer individual registrants for further study.

Applications for the test must be postmarked no later than midnight, Tuesday, March 27. Eligible students may also obtain information about the test from any local board.

The test, used since 1951 to aid local boards in determining questions of student deferment, is administered by the Educational Testing Service, Princeton, N. J.

To be eligible to take the test, the applicant must be satisfactorily pursuing a full-time college course, undergraduate or graduate leading to a degree. He need not be a student of a 4-year college, but his entire course of study must be satisfactory for transfer of credits to a degree-granting institution.

The applicant must be a Selective Service registrant who intends to seek deferment as a student. He can take the test only once.

Teacher's Ass'n To Sponsor Basketball Game

The Arkansas Travelers basketball Team under the Ownership of the Nation's Premier Woman Athlete- All-American Hazel Walker and under the great coaching, managing ability of the 10 year veteran, Runnie "Goose" Gurnette, was organized in 1949, with main objectives: entertainment, showmanship and top-notch basketball.

The Hazel Walker troupe has delivered these essentials in great form. They'll be on display when the touring Travelers, all-girls Team meets an all men's team on Friday night at 8:30, at the high school gym, with no fewer asked.

Without question, the Hazel Walker combine rates as the No. 1 Women's Basketball Team in the World today. Proof of that claim is the amazing record the team has accomplished against men's teams only the past years.

This past season was the best and biggest yet for the Arkansas Travelers who played a 200 game schedule in 45 states. The girls parlayed amazing court finesse, a cat ment and beauty to the acclaim of thousands of basketball fans everywhere they appeared.

In addition, sportswriters everywhere have dubbed the team "The nation's most 'watchable' basketball Outfit." The Travelers produce basketball at its best and entertainment at its finest—appealing to the kids who have only a nodding acquaintance with the game to long-time fans of the sport—both men and women.

The Club thrives on expert basketball but mixes enough shenanigans and trickery to round out an entertaining night on the boards. The Arkansas Travelers produce the best brand of basketball on display anywhere. Don't Miss it. March 16, Friday night at the high school gym.

This game is being sponsored by the Appomattox County Teachers Association to raise money for their expenses during the past year.
